Great Michael House is directly opposite the bowling green on Links Place. Parking is plentiful, but can fill up quickly. It can be found at the rear of the building by turning down Salamander Place and taking one of the two entrances into the car park on the left. Until 19.00 there is entry to the front and rear of the building. In the evenings entry is restricted to the rear where there is an entry phone system. Press the buzzer for 3/3. There are stairs and lifts to the third floor. Wheelchair access is at the rear of the building.
