

Travelling by Car

Aylesbury is easily accessed from all major routes. Allow approximately 30 minutes from the nearest junctions off the M25, M40 and M1.

Millennium house is located on Walton Street (A413) just off the in-town ring road. Walton Street is a dual carriage and Millennium house is on the left as you go out of Aylesbury.

Coming off the roundabout on the ring road on to Walton Street, take the second small turning on your left into Old Brewery Close. Millennium house is on the corner of Walton Street and Old Brewery Close and the car park, with barrier, is immediately on your left. You will need to ring for access to the car park. Once you have parked please walk around to the front of the building and in through the main entrance.

Travelling by Train

A regular train service operates from London Marylebone into Aylesbury with a journey time of approximately 50 minutes. Millennium House is about 5 minutes walk from the station.
